Offers an unobstructed view of grout lines

#10067: 1/16" and 3/16"
#10068: 1/8" and 1/4"

US Patent Nos. 6,874,242 and D482,210

Bulls•Eye ClearView Spacers are an economical and user-friendly solution for creating evenly spaced grout joints. The unique, patented design keeps the spacers out of the thinset and provides a clear view of grout lines and corners.

One Bulls•Eye Spacer does the job of four traditional spacers thus reducing the amount of total spacers needed for each job. Additionally, each Bulls•Eye Spacer provides two different grout size options, offering either 1/16" and 3/16" joints (item #10067) or 1/8" and 1/4" joints (item #10068).

Each bag of Bulls•Eye Spacers comes with 100 spacer rings and 50 mini-wing spacers for use on corners along walls and angles. These spacers are easy to remove, reusable and perfect for floor and wall tile applications.

Bulls•Eye ClearView Spacers, unobstructed grout lines for dead-on accuracy.
