TARGET HD6 HAND HELD CORE DRILL

Ideal for concrete and masonry drilling applications.

15 AMP, 110V, weight 12 lbs.

3-speed gearbox with selector adjusts for various bit sizes (580/1400/2900 RPM).

Smartstart™ reduces the RPM by 50% when starting a new hole.

Lightweight and ergonomic pistol grip design.

Features three conveniently placed leveling gauges and an easy-to-rotate side handle.

Standard 1-1/4"-7 thread with 5/8"-11 threaded adapter and water connection.

Easily mounts on Target DS 6 C core drill stand.

\$1239.99 item 7490

FREE SHIPPING

TARGET

Bit not included.

Equally suited for
wet or dry drilling.

TARGET DS 6C CORE DRILL STAND

For use with Target HD6 core drill above.

Drills holes up to 6" in diameter.

Maximum height of 32" allows drill stand to operate in confined spaces.

Combo base with vacuum pad is standard and eliminates the need for an additional vacuum base.

Self-draining leveling screws with feet allow for easy mounting on uneven surfaces.

Adjustable column can be tilted up to 45° for angle drilling.

Standard 2-5/16" (60mm) mounting for hand-held core drills.

Base material is cast aluminum with 4 leveling screws.

Weight: 30 lbs, column height 32", 20" useable carriage travel.

Lifting handle wheel kit comes standard for easy transportation.

Feed handle doubles as a wrench to adjust the leveling screws and angle adjustment bracket.

Reversible feed handle can be placed on either side of carriage for increased operator flexibility.
